

ATS - ENVIROLITE 3 INLINE BACKING BOARD

Our Backing Boards are made from 4mm thick poly prop, our tools are sandblasted to give the backing board a rough texture compared to phase 1 that had a smooth texture.

3 In Line Mount Backing Board

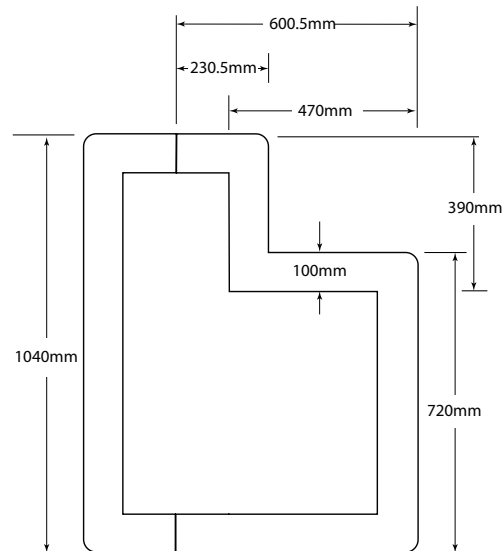

Part B

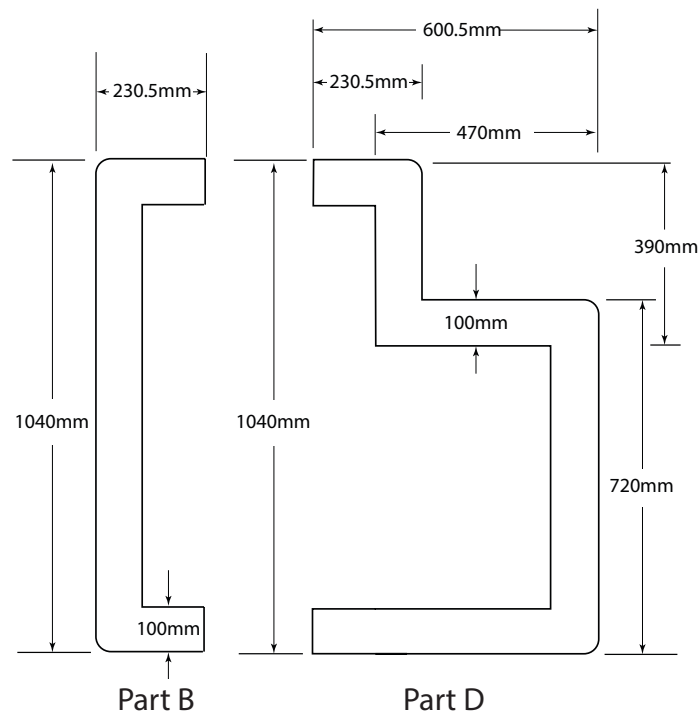

Backing board made up of 2 x sections (Part B) 230.5mm x 1040mm and 4mm thick
Dimensions given are approximate only. They are measured from widest point to widest point.

ATS - ENVIROLITE DOUBLE SIDE MOUNT BACKING BOARD

Our Backing Boards are made from 4mm thick poly prop, our tools are sandblasted to give the backing board a rough texture compared to phase 1 that had a smooth texture.

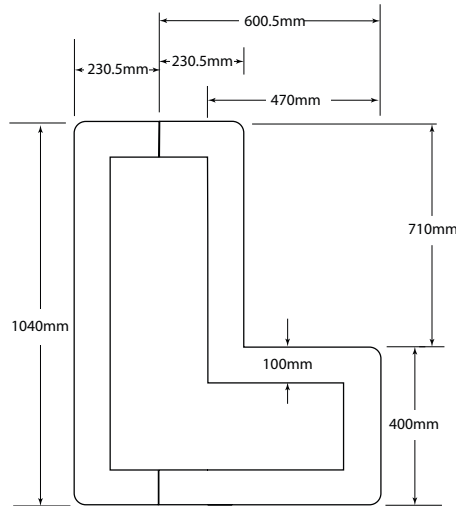

Double Side Mount Backing Board

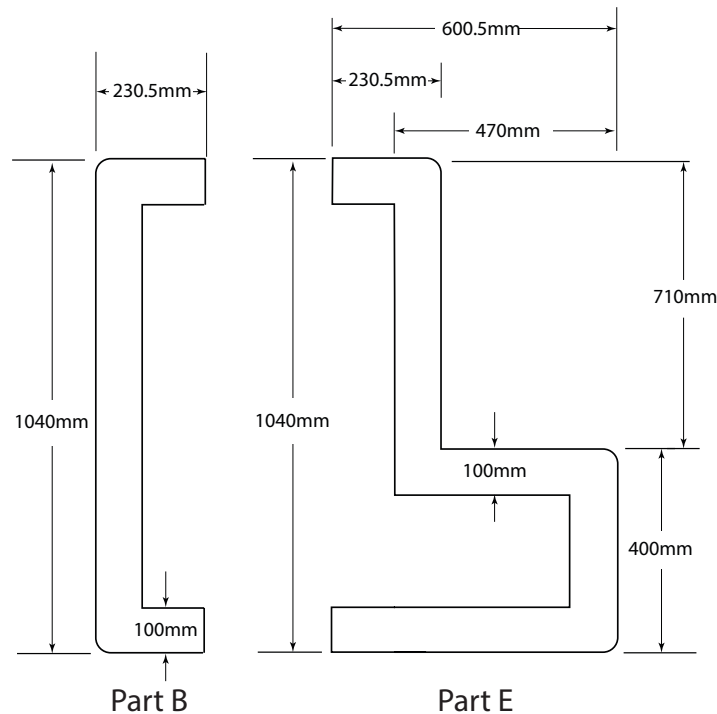

Backing board made up of 2 x sections (Part B) 230.5 x 1040mm + (Part D) 600.5 mm x 1040 mm and 4mm thick
Dimensions given are approximate only. They are measured from widest point to widest point.

ATS - ENVIROLITE SINGLE SIDE MOUNT BACKING BOARD

Our Backing Boards are made from 4mm thick poly prop, our tools are sandblasted to give the backing board a rough texture compared to phase 1 that had a smooth texture.

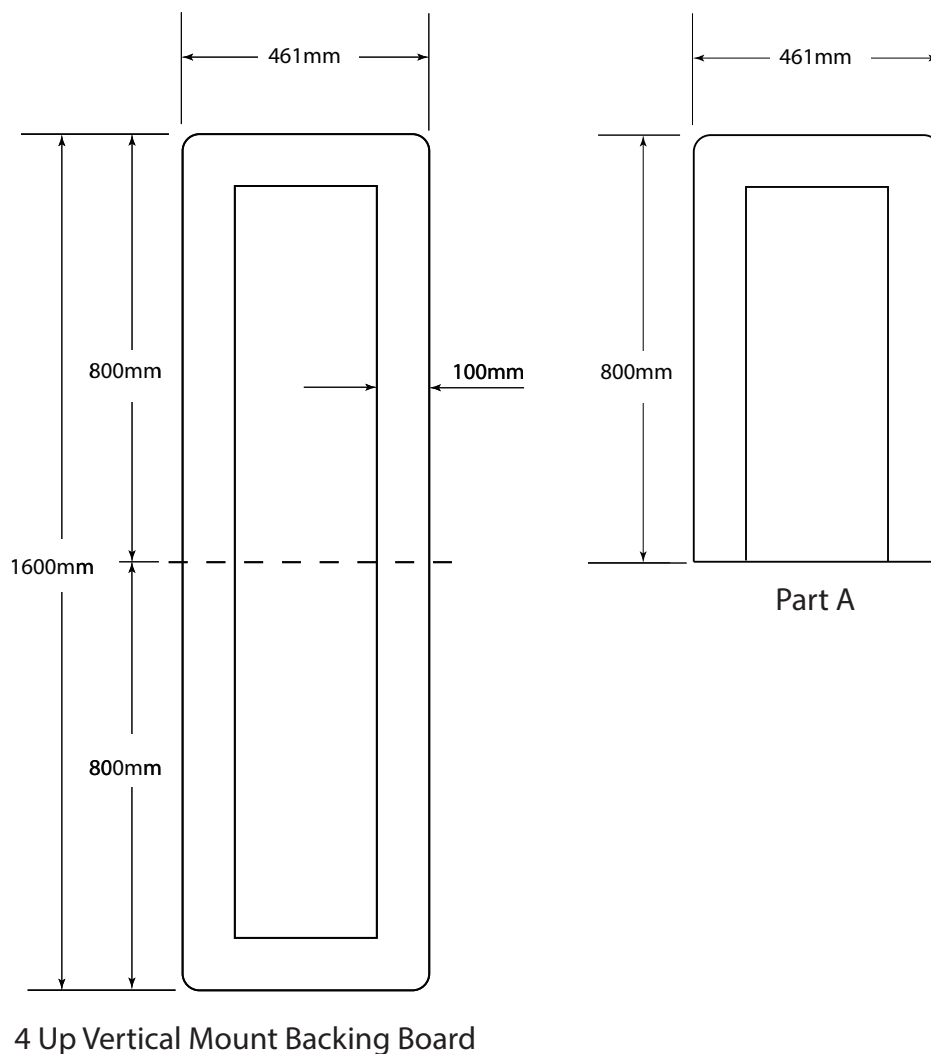

Single Side Mount Backing Board

Backing board made up of 2 x sections (Part B) 230.5 x 1040mm and (Part E) 600.5 x 140mm and 4mm thick
Dimensions given are approximate only. They are measured from widest point to widest point.

ATS - ENVIROLITE 4UP VERTICAL BACKING BOARD

Our Backing Boards are made from 4mm thick poly prop, our tools are sandblasted to give the backing board a rough texture compared to phase 1 that had a smooth texture.

Backing board made up of 2 x sections (Part A) 461mm x 800mm and 4mm thick
Dimensions given are approximate only. They are measured from widest point to widest point.
