

The image features a vertical traffic signal with three lenses. The top lens is illuminated with a bright red light, the middle lens is illuminated with a bright orange light, and the bottom lens is unlit, showing a dark green color. The signal is mounted on a black pole. In the background, a large, ornate stone building with Gothic architectural details, including a large clock face, is visible. A red rectangular block is positioned in the top left corner of the image.

Hi Sarah, I think I may have been out of the UK too long. Not sure what you mean by REG signs. Can you send an example?
