ROADSIDE ENVIRONMENTAL MARKER POSTS

APPLICATION

The application of DeNeeffe Environmental Marker Posts in a designated area, is used to provide directions on work practices to be implemented at significant sites to avoid damaging the sensitive environments in which threatened vegetation or species survive. Designed to raise awareness, protect, and preserve, especially through disturbing activities such as weed control, mowing or excavating. These environments and communities are protected by Commonwealth and State Legislation.

The Environmental Marker Posts can be used to identify areas for example:

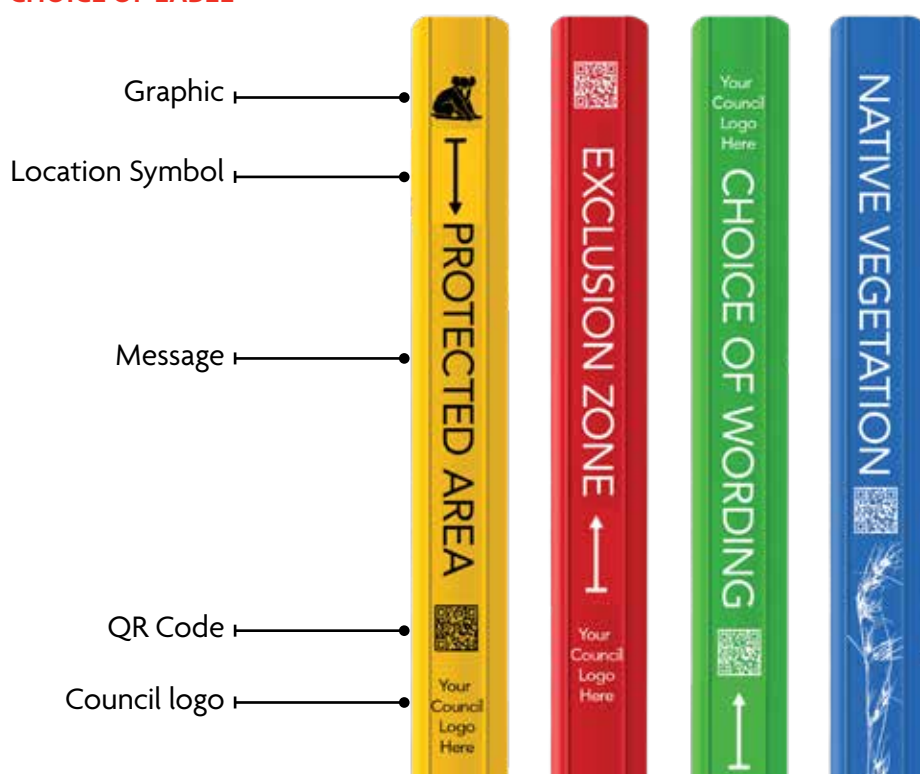

- Threatened plant species
- Threatened fauna habitat
- Significant remnant native vegetation
- Significant wetlands.

BESPOKE MARKERS

- The posts can be manufactured in various colours
- Printed with the message of choice
- Council logo applied
- QR code - giving access to more information
- Arrows to identify the start, continuation and finish of the site.

DeNeeffe's Roadside Environmental Marker Post is manufactured from quality, recycled PVC. DeNeeffe also manufactures a variety of signage to further reinforce the importance of an area.

CHOICE OF LABEL

NOTE: These illustrations are examples only. A choice of message and label content is available as required.
